Summary

Hello, Ladies and Gentlemen. First of all Thank you for reaching out to my profile!

I am Gaurav Chatterjee, an M.Tech graduate from the Central University of Karnataka.

An ordinary guy who is extra enthusiastic about machine learning and deep learning from the very beginning of his graduation.

I have bagged several achievements and proved that I am a worthy candidate to do machine learning/ deep learning research. I have done several projects on ML and published a paper on cryptocurrency with the help of deep learning.

Currently, I am working as a Data Scientist at Lumiq.ai

I am also running a blogging website named - machinelearningman.com to help my dear Machine Learning/ Deep learning aspirants.

If you are interested in hiring me for a talk/seminar/webinar Or consultation for your organization, you can contact me (E-mail ID given in the online portfolio)

Have a nice day.
